

Assignment Cover Page Instructions

Please attach an Assignment Cover Page to the front of your assignment.

You can download and print your Assignment Cover Page from

<http://www.business.uwa.edu.au/studentnet/assessments>

When you print your assignment cover page, it will contain a bar code, unique to you, which identifies who you are!

Once submitted, your assignment will be scanned and your submission recorded electronically.

An automatic email will then be sent to your UWA email address,
notifying you that your assignment has been submitted and recorded successfully.

Problems printing your barcoded Assignment Cover Page?
